## MEMBER FOR 83 YEARS, A. V. FARNSWORTH HONORED

**CASSILS**—With a record of 83 years of continuous membership in Seventh-day Adventists Sabbath schools, A. V. Farnsworth of Cassils received province-wide honors here at a special Sabbath School Centennial observance, marking the 100th year of this part of the church organization.

Mr. Farnsworth, 85 years of age, was selected by the Sabbath School department as having been a member longer than any other person in the Alberta Conference. He first enrolled in 1869 at Washington, N.H., and has been a member ever since.

The honors will be presented at a special service in Medicine Hat by J. Ivan Crawford, Educational Secretary of the Alberta Conference. There are now 2,600 Sabbath School members in this province. The Sabbath School was first organized in Alberta in 1904 with 14 members. The first Sabbath School organization of any kind known to the church was begun in 1852 at Rochester, New York.

Ira D. Follett, director of Sabbath Schools for the Alberta Conference, reported at the observance that internationally the church has 1,034,160 members enrolled in 20,172 Sabbath Schools over the world. These members contribute almost half of the \$9,000,000 annual foreign missions budget of the church. Since the Sabbath Schools were first organized, they have given more than \$81,000,000 missions, Mr. Follett said.

## Miss Bertha Hagel Honored At Shower

**BEISEKER**—Miss Margaret Hagel and Mrs. Leo Hagel were hostesses at a shower held in the Community Hall on Sunday evening, in honor of Miss Bertha Hagel. Court whist was played, with honors going to Mrs. Anton Hagel and Mrs. W. J. Lavoie.

Following a dainty lunch served by the hostesses, Miss Lima Schmalz presented the guest of honor with a set of dishes.

## Church Celebrates Centennial Anniversary

**LEVEL LAND**—The Seventh Day Adventists of this district celebrated the Centennial Anniversary of Sabbath Schools on September 27 here. The Seventh Day Adventists the world over celebrated the day similarly.

Mr. Moores of Walla Walla, Washington, who has been a Sabbath School member for 68 years, was the oldest member present for the ceremony.

The members present who attended the first Sabbath School in this district 44 years ago were: Mr. and Mrs. A. A. Roth of Calgary, Mrs. Carolina Leiske of Lacombe, Mr. Adolf Dick, Dr. S. W. Leiske of Lodi, California, and Sam Leiske.

The program was in three divisions. The first was a song by 28 Primary children. Thirteen Juniors then recited memory verses and Roger and Dorothy Bechtold gave a recitation. The trumpet trio played "Prayer Perfect." A special collection was taken in the first meeting for restoring the conference office building and the church in the city of Frankfurt, Germany. This offering of \$356.66 was taken in all S.D.A. churches.

Dr. S. W. Leiske of Lodi, California, gave a very interesting lesson study. Pastor C. C. Voth of Calgary gave a short talk concerning the work. From a small beginning there are now over a million members.

A second meeting started at 11 a.m. Pastor Voth gave a short sermon and others taking part were Adam Roth of Calgary and Elmer Schaber. The girls' trio of Carol Huether, Yvonne Stern and Marilyn Stern sang "The Beautiful Garden of Prayer." The trumpet trio played "The Lord Is My Shepherd." Another collection was taken for the work in Alberta.

Those taking part in the afternoon meeting were Mr. Larson of Nebraska, Mr. Moores of Walla Walla, Marvin Dick, Richard Huether and Pastor Voth. Miss Samu of Acme sang a solo and Mrs. Albert Huether and Mrs. Elizabeth Larson sang a duet.

In the evening a film was shown, "Again . . . Pioneers."

Mr. and Mrs. Wendel Sander of Trail, B.C., were recent visitors at the home of Mr. and Mrs. Tony Sander.

Mr. and Mrs. Tony Schwanzenberger and Clifford Little were week-end visitors at the home of Mr. and Mrs. Harry Simmonds.

Donald Schmalz spent the week-end in Beiseker at the home of his parents, Mr. and Mrs. L. L. Schmalz.

Mr. and Mrs. Matt Schmalz attended a convention held in Lethbridge for two days last week.

Mr. and Mrs. John Stauss of Harvey, N.D., are visitors at the home of Mr. and Mrs. Dick Velker. Mr. Stauss is a sister of Mr. Velker.

Mr. and Mrs. Arnold Senger and Mr. and Mrs. Jake Maldenhauer of Allan, Sask., were visitors last week at the home of Mr. and Mrs. A. A. Wald.

## Good Harvest Weather Speeds Threshing, Combining In District

Last week this district experienced one of the best harvesting periods for a long time, and another two weeks of good weather will see completion of Alberta's bumper grain crop.

Wheat harvesting varies from 15 to 100 per cent cut or swathed in Central Alberta where the weather has been changeable. Five to 90 per cent of the wheat has been threshed. Some light damage resulted from frost in a few points. Others reported grain lodged by winds and heavy rains.

In the Peace River area harvesting is again in full swing. Wheat cutting is about 50 per cent completed, oats 75 per cent and barley 60 per cent. Threshing of wheat is about 10 per cent completed. Yields are good.

Harvesting in the Edmonton region now has been uninterrupted for a week.

Threshing will be general this week-end if good weather continues. Some increase in the tough grades is reported in this district. However, yields are above average.

Alberta's totals were: Cut—wheat 81 per cent, oats 82 and barley 88; (1951—wheat 37 per cent, oats 39 and barley 43); threshed—wheat 38 per cent, oats 38, and barley 51.

## Eagles Stalk Antelopes

**DEER LODGE, Mont.**—While out in a valley, Marvin Pearce, of Deer Lodge, saw a golden eagle circling in the sky. Suddenly, the bird folded its wings and plunged earthward. A few feet from the ground, the eagle threw out its wings, braking the drive and stabbed its sharp talons into the back of an antelope fawn. Game Warden Les Barton declares the eagles have been killing an average of one fawn a day since June 1st and do not confine their killing to antelope but also kill deer fawns and calf elk.

## Couple Married At 9 a.m. Ceremony

**BEISEKER**—On September 11 at 9 a.m. Helen Rose, daughter of Mrs. Edward Hagel of Beiseker became the bride of Donald Edward, son of Mr. and Mrs. W. Morrow of Drumheller. Rev. Father A. E. Tennant officiated.

Given in marriage by her eldest brother, Louis, the bride was lovely in a gown of slipper satin topped with a long sleeved chantilly lace redingote featuring a high collar, skirt front was styled with tiny nylon net ruffles. Her floor-length veil of silk illusion misted from a rhinestone and beaded tiara. She carried a satin-covered prayer book (a gift from the Ursuline Sisters) and a bouquet of American Beauty roses.

Doreen Hagel, cousin of the bride, was sole attendant. Her gown of pink had a strapless bodice topped with a long sleeved lace jacket styled with Peter-Pan collar and self-covered buttons. The full net-over-taffeta skirt featured a deep lace insert at the waist. Her matching chapel veil was held in place with a blossomed coronet. She carried pink carnations.

Brother-in-law of the groom, William Duzette of Drumheller, was best man.

The wedding music was supplied by Mrs. L. Brosteaux.

A small wedding breakfast was served for the bridal party and immediate family.

For a honeymoon trip to Banff, the bride donned a grey worsted suit with green accessories.

The couple will reside in Drumheller.

## LEVEL LAND NEWS ITEMS

Mr. and Mrs. Oscar Larson of Pinebluff, Nebraska, were visiting at the home of Mr. and Mrs. Jake Gimbel and in the surrounding district. Mrs. Larson is better known as Elizabeth Ericson who was in this district from 1916 to 1919 as a teacher. To many she was also known as a nurse, as she worked with many people south of Carbon during the flu epidemic as nurse to Dr. Fowler of Acme and Dr. MacFarlane of Carbon. On Sunday afternoon, Mr. and Mrs. Larson left for a motor trip to Alaska.

Mr. and Moore from Walla Walla, Washington, have been spending a few weeks with Mr. and Mrs. George Johnson of Irricana and other friends in Trochu. ### Fire Protection Week— Oct. 5-11

In the rush to designate weeks to further the cause of some particular project, the really important ones may tend to be overlooked. By Royal Proclamation at Ottawa, October 5th to 11th has been designated "Fire Protection Week."

It is alarming to learn from the Proclamation that in the last ten years 534,777 fires in Canada have destroyed property valued at \$542 million. In that time 4,087 persons have lost their lives and it is estimated that at least 15,000 others have been seriously injured as a result of fire.

What the Proclamation cannot show, of course, is the number of lives that could have been saved; the value of property that could have been protected; if a systematic inspection had been made beforehand of all conditions likely to cause or promote the spread of fire.

Apart from the obvious inspection of public buildings; fire drill in schools, factories and offices; education in fire protection in schools, to Boy Scout groups and the like; every householder can be a voluntary fire warden by checking his own home for fire hazards.

An obvious place to start is in the basement with the furnace pipes — a frequent cause of fire. And the average basement is cluttered with inflammable material that serves little purpose except to add fuel to a potential fire. It's best out on the city or town dump.

Faulty electric switches are best replaced, they're worn out anyway and can be a fire hazard. An open fireplace without a guard — particularly with children around — is an unnecessary risk. A faulty chimney can bring fire-producing sparks. The modern home is full of labor-saving devices and comforts which in good condition are harmless, but worn out or faulty, can spell disaster through fire.

Yes, "Fire Protection Week" is one week that should be taken seriously. A couple of hours spent by every householder in checking possible hazards would be amply repaid by a reduction in fire losses in Canada. And fire protection brings ease of mind.

### Grain Handlers' Power

Power of 1400 grain handlers to thwart and impede the work of two million farmers and others interested in the production of grain was made clear when employees of grain companies at Port Arthur and Fort William threatened to go on strike early in September.

Fortunately, the strike was averted, when the handlers' demands were partially satisfied. The Union demands included a reduction in the work week from 48 to 40 hours and an increase in wages of 40c per hour. This would considerably boost the previous scales of \$228.00 to \$300.00 per month.

With the west's greatest crop in process of being delivered, the strike of 1400 grain handlers COULD have tied up the delivery and marketing most effectively.

### Correcting The Flax Myth

Many people seem to be of the opinion that flax is hard on the land. Such, however, does not appear to be the case, according to results of experiments over the past 60 years at the agricultural experimental station at Fargo, North Dakota.

A plot of land there, which has grown flax continuously without the aid of fertilizer since 1890, last year produced an average of 20 bushels per acre. A report from the station in 1898 showed the average yield to be 12.3 bushels per acre.

Tests made on the straw and chaff as well as the grain showed that producing a good average crop of flax removed less nitrogen, phosphorus and potassium from the soil than did wheat, oats or barley.

### Eisenhower on Social Security

One of the most vital of social security measures is that affecting the health of the individual. In the United States, as in Canada, many people feel that with socialized medicine the fear of sickness, with large hospital and doctor bills would forever be banished from the lives of people who cannot afford, under the present system, to be sick.

Now comes General Eisenhower, who from his boyhood days never had to dig into his own pocket for as much as an aspirin tablet or a toothbrush, with the astounding assertion that he is opposed to socialized medicine. At \$18,000 per year pension as a retired general of the U.S. Army it is easy for Mr. Eisenhower, Republican candidate for the presidency of the United States, to tell poor workmen and others they should stand on their own two feet when it comes to doctor bills, hospital expenses and the high costs for medicines with which some unfortunates are faced.

This reminds us of a judge of the Supreme Court of Canada telling a class of university graduates to work for, not materialistic things in life, but to strive for the higher ambitions of the spirit. If a hard-working priest or minister, getting \$1,800 per year, tells us that, we are willing to listen with a mark of respect.

But when a justice, appointed for life to the Bench at \$25,000 per year tells us not to worry about making money, we blink our eyes and swallow hard.

### Dollar Up; Wheat Down

Canadian money is now rated as the most valuable in the world. This may be a source of pride to the people of this country, but it does not work out so well for primary producers dependent to a large extent on export markets. The premium position of the Canadian dollar brings down the price of exports.

In the case of wheat, the International Wheat Agreement provides for a ceiling price of \$1.80, but that price was based on the value of Canadian money in March, 1949. Canadian money now is more valuable than it was then in the opinion of the world, and so the ceiling price has declined accordingly. The average price for 1 northern wheat at Fort William during the month of July was \$1.74½ a bushel or 5½ cents below the \$1.80 ceiling. As wheat agreement prices are the standard for domestic prices, there was a similar decline for wheat sold for Canadian consumption.

### Full Speed Ahead

With threat of a grain handlers strike over for the time being, and most of the seasonal hazards a thing of the past for this year, it is "full speed ahead" for the Western grain crop.

The federal bureau of statistics now estimates Canada's 1952 wheat crop at 675 million bushels. This compares with the previous highest estimate of 665 million bushels. The previous highest Canadian wheat crop was 567 million bushels in 1928.

With all the modern harvesting machinery of 1952 one wonders how the farmers of 1928 managed to harvest so much grain with the comparatively old-fashioned machinery of 24 years ago. It has taken nearly a quarter of a century to beat that 1928 record!

Let's hope and pray that good harvest weather, with warm, dry days and cool dry nights prevails in Alberta until the crop is harvested. Let's hope, too, that marketing of the grain is facilitated to move the crop to the hungry markets of the world.

#### LETTER OF APPRECIATION

Pardon us for the delay, but both Mrs. Weadick and I wish to sincerely thank you for the nice mention you made of us in your paper and the many other courtesies we received from all hands during our Edmonton visit. We both trust that your paper will continue to thrive and prosper.

#### RUGGED INDIVIDUALIST

Lately I read a letter lamenting that social security didn't exist because there was a long time to wait between baby bonus and old age pension. I wonder what has gone wrong with people. Don't we know that the more social security we have the more taxes we pay. Money has to come from some place in order to pay the Old Age Pension, Family Allowance and other benefits. Here is one reader that would like to see more determination on the part of the individual to make their own way in life. We live in a wonderful country of opportunity, let's stop wondering how much more we can get out of the Government, and get down to business and save for our own security. Our fathers built this country, and they wouldn't take a dollar unless they earned it.

HARD WORKER.

#### VS. BOOZE BUSINESS

In September 11 issue Mr. Pue discusses liquor advertising in Alberta papers.

I am opposed to it on these grounds. Drinking is the cause of untold misery. To it can be charged most of the moral disintegration of youth. Diabolically clever liquor advertising often starts one youth in so-called "harmless" social drinking, which all too often develops into chronic drinking.

Mr. Pue makes a good point re periodicals from outside the Province entering our homes with their liquor advertising. Well! at least we can give preference to non-advertising periodicals.

It may seem inconsistent for the Albert Government to sell liquor while banning advertising—but it seems the only course open to them. I have never voted Social Credit but in fairness to them I

feel they are doing the best they can about booze, short of nationalizing it (which I favor) but while the public has never given them mandate to do. It seems that some people will have it anyway, so the Government make some money out of it with which to try and repair a little of the damage caused, and to educate by advertising against liquor.

But let us not allow Brewers' advertising which always makes appear smart and attractive rather than sordid and enslaving.

#### OPEN CHURCH AT BOYLE

Replying to William Sullivan on his question of daily baptisms and the services of the Church. Yes the church at Boyle and through out the Boyle and Lac la Biche Missions are always open and can be used for private devotions or any public or private service, also the clergy are always glad to be of service at any time. I think that if the average person used the House of God more often it would have a tendency to curb moral delinquency and bring people and especially parents, to a right understanding, as to what is meant by serving God and mammon.

It becomes a personal matter between God and man, and man must work out his own salvation and even this is not a public affair. (When ye pray, pray in secret and your Father who is in Heaven will grant you your heart's desires.)

So, come to church and spend a few minutes with God each day in the beauty, the peace and the knowledge of having been with God.

HENRY G. HARPER.  
St. Paul's Church,  
Boyle, Alberta.

#### HEART CHAMPION

A word in defence of that much maligned little hero the human heart. Contrary to medical science there is no such thing as heart failure, instead there is a limit to the amount of abuse a heart can take. It is my fervent hope that the bureau of vital statistics will take cognizance of this fact and in future accept heart failure only as an effect not a cause.

### Hospitality First

And then there is the well known but shy actor, who dropped into a Broadway restaurant very early in the morning, or very late the other night, any way you want to put it.

He sat at a table and waited—and waited. Three waiters, at a table in the rear, were earnestly playing pinochle. Finally, after long minutes, the proprietor sauntered through and caught the situation at a glance.

"That's how it is!" he roared. "I got three waiters and they can't even wait on one lousy customer."

### Art or Utility?

A CWA artist was commissioned to paint murals in the reptile house at the Natural Zoo.

He turned to admire his work and discovered an energetic lizard climbing up a tree trunk neatly painted on the side of his cage.

"Come—look!" shouted the artist to Dr. William M. Mann, the zoo director. "How's that for art? Even fools the lizard."

### Nice Lad

A lady was entertaining the small son of her married friend.

"Are you quite sure you can cut your meat, Willy?" she asked, after watching him for a moment.

"Oh, yessum," he replied without looking up. "We often have it as tough as this at home."

## U.S. Swine and Swine Products Prohibited

OTTAWA—Effective immediately all import into Canada from the United States of swine, uncooked pork, pork products, pork offal and garbage is prohibited under authority of the Animal Contagious Diseases Act, it was announced by Dr. T. Childs, veterinary director general of the federal department of agriculture.

This action was taken because of the prevalence in the United States of vesicular exanthema, a highly infectious disease of swine, which if introduced into Canada could cause serious damage to the Canadian swine industry.

Vesicular exanthema closely resembles foot and mouth disease, but it is entirely confined to swine, whereas foot and mouth disease affects cattle and sheep in addition to swine.

## What's in the Name?

### STAVELY

The town of Stavely was named after Alexander Stavely Hill, QC, MP, Judge Advocate of the Fleet, who organized the Oxley Ranch in 1882, naming it after his residence, Oxley Manor, Wolverhampton. He visited the district in 1881-2-3-4, and is the author of "From Home to Home" which he wrote in 1884. He died in 1905.

The population of Stavely in 1946 was 299. The town is some 71 miles south of Calgary situated in a ranching and farming area.

For a word picture, Stavely is comprised of one drug store, three general stores, five garages and service stations, one bank, two barbers, one hotel, two hardware stores, one lumber yard, one meat market, four restaurants, one theatre, and other business places.

### TURNER VALLEY

With a population of around 1,167 people the town of Turner Valley, some 38.2 miles from Calgary via Midnapore, was named after Robert and James Turner, who homesteaded in the north end of the valley in 1886. Both Turners were well-known horse and cattle breeders.

The prominent types of occupations carried on within the region are oil well production and grain farming.

## 2,286 HEAR HOW WORLD UNITY CAN BE ATTAINED

EDMONTON — "World Unity comes only from the hands of Almighty God," declared A. B. Siemens of Toronto before 2,286 persons in attendance at the main event of the three-day Jehovah's Witnesses' convention held Sunday afternoon, Sept. 7 in the Sales Pavilion.

"World Unity—Is It Just a Dream,"

Speaking on the subject of, Siemens said, "Despite the frantic tries for peace and unity among the nations, the rift widens. For many years now the crippled nations have been trying to bind up their terrible wounds, erase the horrible memories of war, but their failures are evident in the face of continued conflict."

"A livid world it is with confusion. This world is in a ferment and the people are intoxicated with the spirit of selfishness, pride and ignorance. Never was there a more urgent need for a sobering, stabilizing and awakening influence than there is today," said the speaker.

"The only real united nation that will bring happiness and peace is God's Kingdom. Human understanding and happiness for eternity is dependent entirely upon the sure Word of God and the complete removal of this old system at Armageddon will not shatter any of your hopes, rather the clearing away of man's frauds for peace will leave the earth free for all people of good-will to unite in true worship of Jehovah God."

This assembly of christian witnesses emphasized the need for maturity in spiritual understanding and that we should continue to grow up in love of God and of our association of brothers; to be right kind of ministers; keeping our minds fixed on the things above appreciating the need for becoming steadfast, unmovable in the praising of the true God and making known the message of the Kingdom.

Rooming accommodations were found with many friendly Edmonton residents as delegates appreciated their hospitality very much.

A cafeteria operated with great efficiency near the Sales Pavilion where hundreds voluntarily worked unitedly to provide delicious food for the convention. There were over 4,000 meals served.

Of interest to many in the Edmonton district was the way the witnesses carried out their advertising program. Starting two weeks before the assembly, hundreds of witnesses went from house to house distributing handbills inviting the public to their convention. Besides over twenty-five cars carried overhead signs announcing the public talk, "World Unity—Is it just a Dream" and accompanying them several evenings was a sound car. Then placard walkers orderly presented the message on the busy streets. These combined efforts together with 2,000 personal invitations to known parties in the district all made for a very good attendance and enjoyable assembly.

At the conclusion of the convention the witnesses expressed their appreciation to officials and others who helped make their gathering a success.

## Two Crashes In Family

ONEIDA, N.Y. — Stopping his car on a country highway, Lewis Eaton, Sr., of Knoxboro, had the unpleasant experience of having it crashed into — by his daughter, Bertha. A few minutes later a third car, driven by a son, Lewis Eaton, Jr., banged into the rear of Miss Eaton's automobile. Eaton suffered chest injuries but the son and daughter were not hurt.

## Save The Soil Drive Started At Mirror

The Mirror district, following the example set by Eckville, inaugurated a "Save the Soil" campaign and interest in the project is growing.

Twenty-two farmers have joined the campaign and Lacombe's district agriculturist, Lloyd Rasmussen, has already started scoring the farms of the entrants. The campaign promotes better cropping practices and is designed to encourage better use of farm lands.

The FUA local at Mirror is responsible for much of the work that has been done so far. President Henry Neis and Secretary G. J. Nelson have organized several successful meetings and a committee has been set up to handle the project.

## Mrs. Rowe Flies TCA To London, England

BON ACCORD — Mrs. Daisy Rowe, Edmonton, mother of Mrs. Frank Everitt, Bon Accord, left by TCA for a two month's holiday in England. She left Edmonton, Thursday, Sept. 11 at 11 a.m., stopped at Montreal for the night and arrived in London 11 a.m.

Saturday (2 a.m. Edmonton time). She was met by her son Trevor and motored to Leicester where her son and his wife live.

Many of Mrs. Rowe's relatives live in Manchester.

The two months will pass quickly as she visits all relatives and friends. Mrs. Rowe is a graduate nurses-aid and has a position in the Aberhart Memorial hospital.

"I LIKE THE PERFORMANCE"  
Ford's for me—its V-8 engine certainly delivers plenty of "get-up" and "go" and with the economy I expect with a Ford.

"I LIKE THE COMFORT"  
I'm an all-day driver myself—and Ford's solid comfort sure pays off—you can relax behind the wheel and really enjoy driving.

"I LIKE THE RIDE"  
Smooth as silk, I'd say! The roughest roads feel like highways—and the bumps just melt away like magic! It handles like a charm on any road.

"I LIKE THE VISIBILITY"  
I can really see where I'm going with so much extra visibility all around—and backing up is just as easy!

## LETTERS TO LOUISA

Dear Louisa:

My husband and I have always  
got along together nicely. He work-  
ed and I kept the house. When he  
came home in the evening I al-  
ways had a nice dinner for him  
and in the morning a good break-  
fast before he went to work. My  
housework and marketing took  
several hours of the day but it  
left me with time to do what I  
wished or rest. After dinner if  
we wished to go out, I stacked  
my dishes and did them after I  
got in or the next morning. I did  
not ask my husband to help as  
I felt that my work was no harder  
than his.

But now I have a problem. Sev-  
eral months ago we decided to buy  
a home and we could not do this  
unless I went back to work. I  
got my old job as a stenographer  
but now I have to leave home early  
in the morning and I get home  
the same time my husband does.

Notwithstanding the fact that we  
both have outside work, he still  
thinks that I should do all of the  
housework. I rush around getting  
breakfast while he reads the morn-  
ing paper and when I get home,  
he expects me to get dinner while  
he looks at television, and then  
he has the nerve to say that the  
meals do not taste as good as they  
used to. He also complains that  
I don't like to go out in the eve-  
nings like we did before.

What can I do? If I keep on  
like this, I'll be a nervous wreck.  
LOUISE B.

Answer:

Before you went back to work  
you should have talked the mat-  
ter over with your husband and  
had him agree to help with the  
housework if you took an outside  
job.

Housework was considered wo-  
man's work in the days when very  
few women did anything else and  
the man provided the money to  
pay the bills. But when a wo-  
man has to take on an addition-  
al job to help pay expenses, the  
present-day husband realizes that  
she is helping him do his job and  
the only fair plan is for him to  
help her with hers.

I know one man of a working  
couple who vacuums the house and  
keeps the bathrooms as his regu-

lar job. He also lends a hand  
with the dishes if they are going  
out in the evening and will start  
the dinner if he gets home first.

Try to make your husband un-  
derstand that you are helping him  
with his job and, in all fairness  
to you, he should help you with  
yours.

LOUISA.

## M.D. Secretary To Resign Soon

ONOWAY—R. A. Gibson, secre-  
tary-treasurer of the Municipal  
District of Lac Ste Anne plans on  
retiring soon and his notice of  
resignation may be given to the  
council at any time. This was re-  
ported from a reliable source fol-  
lowing the August meeting of the  
council.

It is understood that Mr. Gib-  
son offered to give the council  
adequate notice to enable them to  
make the necessary addition and  
changes in the office staff.

One day while walking very  
quickly on a busy Edmonton  
street, I bumped very hard, face to  
face with a stranger. "Oh! I'm  
so sorry," was my apology. Was I  
embarrassed when he looked at me  
and replied, "Sorry, I thought it  
was a truck." R.P.H.

Ranfurly, Alta.

Our little dog, after rolling all  
over in the dirt, insisted on com-  
ing in the house, so I locked him  
in the porch. I was in the living  
room when I heard the door open.  
Angrily I shouted, "Don't let that  
little stinker in." Looking up, I  
couldn't believe my eyes, for there  
stood my boy friend. I had some ex-  
plaining to do and "was I ever em-  
barrassed."

**NEW PADRE** — Flight Lieutenant Rev. M. Galbraith of Rockyford, Alta. (right) is invested with the Chaplain's Scarf by Group Captain R. M. Frayne, (centre) Director of Religious Administration (Protestant) at Air Force Headquarters, during a brief but impressive induction service held in the Station Chapel at RCAF Station, Trenton, Ontario. On the left, Squadron Leader E. Light, Assistant to the Director of Religious Administration, holds the specially inscribed Divine Service Book for the Armed Forces which was also presented to F/L Galbraith. F/L Galbraith has had considerable previous Air Force experience, as he served as a Physical Training and Drill Instructor from 1941 to 1945, attaining the rank of Flight Lieutenant before retiring. F/L Galbraith is a happily married man with five children. His wife is the former Jean Spice of Yorkton, Saskatchewan. —(National Defence Photo).

## ROCKYFORD PASTOR RECEIVES CHAPLAIN'S SCARF IN RCAF

TRENTON, Ont. — In a simple and yet impressively sincere induction service, held in the chapel of this RCAF Station, two United Church ministers, F/L Rev. M. Galbraith of Rockyford, Alta., and F/L Rev. J. H. McAvary of Brockville, Ont., were today received into the chaplaincy service of the Royal Canadian Air Force.

The little chapel bright in a flood of golden loveliness from the clear September sun, seemed most appropriately dedicated to the occasion, as the choir opened the service with the singing of the invocation.

From across the distant aerodrome and high in the open sky could be heard the steady drone of aircraft, weaving their endless pattern into a free nations plan for universal peace.

Perhaps, as this outward sound of activity reached into the chapel, the two chaplains recalled momentarily other days and other occasions when both had worn the

uniform of the RCAF under conditions of war. Now under conditions of peace, they returned to that service, not as warriors but as followers and messengers of the Great Prince of Peace.

The scripture reading was conducted by F/L the Rev. E. Light, of Ottawa and the induction read by Wing Commander the Rev. J. Dunn of Montreal. Group Captain the Rev. R. M. Frayne, director of religious administration (Protestant) conducted the investiture.

The service was attended by Air Commodore W. W. Brown, CD, Acting Air Officer Commanding,

## Land Title Case Postponed Until Jan.

EDMONTON — An Alberta farmer's right to \$1,000,000 in mineral rights was postponed until January at the Appellate Division court, which opened in Edmonton Monday.

The case, expected to have far-reaching effects on land titles in the province, involves an appeal by the Canadian Pacific Railway and Imperial Oil Limited against an Alberta Supreme Court judgment, which awarded Anton Turta of the Leduc district the mineral petroleum rights on his land.

According to evidence given to the Supreme Court last Spring, the case hinges on a mistake by the Alberta land titles office in 1908, when the registrar added the words "and petroleum" and when the CPR took over a quarter section of land for development. The original title had only reserved to the CPR all coal found on the land, and the Supreme Court ruled the correction made by the registrar was not valid.

Court officials say the case is important as if the Supreme Court decision is reversed and registrars have the right to make correction in land transfer titles, Alberta's Torrens system of land titles will be nullified. Under the system when a piece of land is purchased, the purchaser owns everything not reserved in the existing title.

The case is expected to go to the Supreme Court of Canada before a final decision is reached.

## FALL FLOWERS MAKE ATTRACTIVE SETTING FOR BRIDAL SHOWER

CROSSFIELD—The United Church parlor was the setting for a very pretty bridal shower which was miscellaneous and open to all who wished to attend, and which honored Miss Ada Jensen, a former local bank teller, bride-elect of October 4th.

For the occasion, the church parlor was decked with gladioli, asters and sweet peas in hues that attractively blended with the mauve and white arrangement of ribboned streamers which converged to the honored chair. Ada was assisted by her two sisters, Edna and Joyce, in the opening of her gifts which were presented to her in a prettily decorated basket and wagon in same color scheme, and was drawn in by little Susan Campbell, who made a sweet picture in her pretty mauve frock. The wagon made countless trips with its precious cargo before the supply was exhausted, after which Ada suitably thanked all those who had honored her with the shower and for the many and beautiful gifts received.

At a lace covered table centered with gladioli and flanked with tall tapers, the mothers, Mesdames Hurt and Jensen, presided over the silver tea urns, whilst the conveners, assisted by a group of young girls, served the guests, which numbered over one hundred, to a very tempting lunch.

During the shower a very novel idea was put into action. A linen table cloth was passed to each guest for her signature. The bride-elect hopes at some future time to embroider the same and keep as a treasure to remind her of the lovely shower and kind friends. The hostesses for the evening were Miss Ada Bailey, Mesdames Casey, Campbell, Oriel, Christensen, McAdams, Lilley, Landymore and Lightfoot.

## Former Old Timer Passes

CROSSFIELD—It is with regret that the death of another of Crossfield's Old Timers is reported. Many will remember Mrs. Alex Jessiman, who was the wife of one of the first blacksmiths and who for years lived in Crossfield till going to the coast.

Mrs. Jessiman had been in very bad health for over a year, and had spent almost all of her time in hospital after suffering a broken hip. She passed away in a Vancouver hospital on Sept. 23 at the age of 72 and is survived by two sons, Alex of Vancouver and Jack of Wainwright; one daughter, Mrs. Kellythorne of Vancouver; three sisters, one in Victoria and two in Winnipeg. Sympathy is extended to the bereaved family.

## High School Highlights

BEISEKER—On Sept. 16, the officers for the coming year were elected as follows: president, Harvey Olsen; secretary, Sylvia Kroschel; vice-president, Peter Schmaltz; head of boys' sports, Roger Midinger; head of girls' sports, Shirley Tricker; entertainment, Gregory Schmaltz; publicity, Donna Velker.

It was decided at the meeting to donate \$50.00 toward a movie projector and \$50.00 toward free library books.

There is a high school enrollment of 36 pupils. The pupils are happy to welcome their new teacher, Mr. Vogehell.

The staff for the coming term is: principal, Mr. Plante; associate principal, Mr. Vogehell; grades 1 and 2, Mr. L. Bunyan; grades 3 and 4, Mrs. E. B. Hagel; grade 5, Mrs. B. Harris; grades 2 and 3, Miss M. Albert; grade 1, Mrs. K. A. Wright; shop, Mr. Walker; home economics, Mrs. Melvin.

Children playing on the street. With many accidents may meet. Fenced-in playgrounds save a lot of injury to the tiny tot.

## Father Tessier Given Farewell Party

CROSSFIELD—Sunday evening, Sept. 28 the congregation of Carstairs and Crossfield Catholic church gathered in the Memorial hall at Crossfield for a farewell party in honor of Father Tessier, who has been transferred to Brooks. After an excellent pot-luck supper, Mr. Bowlene, on behalf of Carstairs, presented Father Tessier with a purse, whilst Mr. Bert Bannister, speaking for Crossfield, voiced his regret at losing a Father who had made many improvements in the six years of fellowship and service, and in presenting him with a purse wished him well in his new parish. In a few well chosen words Father Tessier thanked his congregations and asked for the same co-operation for his successor, Father Hamilton of Oyen. The evening closed with service in the Crossfield church.

## Card of Thanks

I wish to take this opportunity in thanking everyone who worked to remodel and redecorate my office. The time spent on this project by the community of Beiseker was very much appreciated.

## Namao School Over-Crowded

NAMAO—The school term began with a record number of pupils in attendance. All rooms are overcrowded, necessitating another teacher. With 25 beginners again it made it impossible to have Grades 1 and 2 in the same room, making it necessary to shuffle all grades.

It has been made possible for all teachers to live in the community. Mr. and Mrs. Tanasjuk, Mr. Kalita (teacher) and Mrs. Kalita; Miss D. Demanchuk, near the school, while Miss Walters and Miss Gorecky are at the former Fred McLay home.
